I agree, this is a good opportunity.

Darrell, please keep us posted on the timing of this presentation so that we can highlight it in the Notables.

All the best,

***Beth***

Hi Phil,

I'm connecting you with Darrell Winner, who is interesting in participating on the call. Darrell is an author on the Air Quality chapter and Overview, and he's EPA's representative on NCA4's Federal Steering Committee. I'll leave it to the two of you to figure out logistics.

All the best,  
Katie

Hello Katie,

I'm reaching out on behalf of the National Association of Clean Air Agencies (NACAA) to seek your help finding someone to provide an overview of NCA4's volume II. I just left you a related voicemail.

NACAA is a non-profit association that represents state and local air pollution control agencies in 40 states, the District of Columbia and four U.S. territories. I staff our Global Warming Committee and am putting together an agenda for our next call on Wednesday, December 12 from 2:00-3:30 pm Eastern. Could you help me find a speaker to provide a 10-15 minute overview of the the NCA4 and answer any questions from our members? The calls are typically attended by 40-60 air quality officials, and I know they would appreciate the opportunity to hear more about the U.S. Global Change Research Program's important work.

Thank you,

Phil
